Yoga for Evolution on 21 June 2022 from 7 am to 8 am

Indian Medical Association, Pune along with Pune Obstetrics and Gynaecological Society & Menopause Society, Pune *Invite You For*
'A practice focused on posture, gait and mobility'

Join us on the **International Yoga Day**

An hour of guided yoga practice which will take you through a series of yoga asanas and sequential movements to experience how we evolved as a biped.

The advantage we have as being human comes with a price in the form of back and knee pain because of the skewed weight distribution.

Learn how to counter that in this one- hour session of yoga asanas and pranayam followed by shavasana.

The session will be conducted by **Dr. Nivedita Pingle** who is a **Yoga Therapy Expert** who has had the privilege to train with Late Dr. S.V. Karandikar of Kabir Baug , and is practising yoga therapy for last 24 years.

Dr. Meenakshi Deshpande

२९ मार्च २०२२, वैद्यकीय विश्वातील काळा दिवस!

या दिवशी राजस्थानात एक दुःखद व दुर्दैवी घटना घडली. स्त्रीरोग तज्ज्ञ डॉ अर्चना शर्मा यांनी केलेली आत्महत्या!

ही आत्महत्या, त्या मागील कारणे व त्यांनी लिहून ठेवलेली सुसाईड नोट यामुळे सर्व वैद्यकीय विश्व सुन्न झाले व पूर्णपणे हादरून गेले. या डॉ अर्चना शर्मा यांनी सर्व कौशल्य व अनुभव पणाला लावून आपला रुग्ण वाचवण्यासाठी अथक परिश्रम घेतले. पण त्यात त्यांना अपयश आले आणि रुग्ण दगावला.

यानंतर स्थानिक राजकीय गुंडांनी खंडणी मिळवण्याच्या उद्देशाने त्यांना त्रास द्यायला सुरुवात केली. रुग्णाच्या नातलगांना हॉस्पिटलच्या गेट मध्ये रुग्णाचा मृतदेह ठेवण्यास भाग पाडले. व पोलिसांनी सुद्धा डॉ शर्माना मदत करण्या ऐवजी त्यांच्या विरुद्ध कलम ३०२ (खुनाचा गुन्हा) खाली कारवाई सुरू केली. वास्तविक पाहता या घटने मध्ये रुग्णाच्या नातलगांनी काहीही तक्रार केली नव्हती. आणि तरी सुद्धा पोलीस फार तर फार ३०४ अ हे कलम लावण्या ऐवजी खुनाचा गुन्हा म्हणुन ३०२ कलम लावून मोकळे झाले. यामध्ये माननीय सर्वोच्च न्यायालयाच्या वेगवेगळ्या निकालाच्या विरोधात कारवाई झाली. व या सगळ्याचा मानसिक धक्का या निष्पाप डॉक्टरांनी घेतला व असे टोकाचे पाऊल उचलले. ही तर खर आत्महत्या नसून यंत्रणा व राजकारण्यांनी केलेली हत्याच आहे. यात यंत्रणेची अहंकारी मनमानी तसेच बेजबाबदार, अविवेकी, अन्यायकारक वृत्ती आणि मुजोरी अधोरेखित होते.

आजपर्यंत रुग्ण व रुग्णाचे नातेवाईक आरोग्य कर्मचाऱ्यांवर हल्ला करत होते पण आता समाज रक्षक व राक्षसच्या भूमिकेत दिसू लागले आहेत. या घटनेचा भारतातच नव्हे जागतिक स्तरावर पडसाद उमटले व तीव्र शब्दात निषेध केला गेला. दोषी व कट करणाऱ्या राजकारणी व पोलिसांवर कठोर कारवाई करावी अशी मागणी केली गेली..

या घटनेमुळे शर्मा परिवाराचे नुकसान झालेच पण समाजाचेही खूप प्रमाणात नुकसान झाले आहे.

मी व माझ्या सहकाऱ्यांनी गेली काही वर्षे डॉक्टरांवरील हल्ले IMA पुणे च्या Rush teams च्या माध्यमातून जवळून बघितले आहेत पण पोलीस व राजकारण्यांमार्फत असा निर्दयी व निंदनीय हल्ल्याचा प्रकार बहुदा प्रथमच समोर आला आहे.

Enough is Enough!

सर्व संघटनांनी IMA च्या नेतृत्वाखाली एकत्र येऊन या पोलीस व राजकारण्यांविरुद्ध मोहीम उघडली पाहिजे व डॉ अर्चना शर्मा यांना न्याय मिळवून दिला पाहिजे व भविष्यात अशा घटना होणार नाहीत याची दक्षता घेतली पाहिजे. याच बरोबर संघटनेच्या सदस्यांची सुद्धा जबाबदारी वाढली आहे.

अलीकडे समाजामध्ये सर्वत्र हिंसक वृत्तीचे प्रमाण वाढले आहे. त्याचबरोबर सहनशीलता खूप कमी झाली आहे.

विशेषतः हॉस्पिटल्समध्ये जेथे वेगवेगळ्या आजारांनी त्रस्त व व्याधीग्रस्त रुग्ण असतात, जन्म मृत्यू च्या घटना घडत असतात, त्याचबरोबर अतिशय संवेदनशील वातावरण असते, अशा ठिकाणी हल्ल्यांचे प्रमाण नक्कीच वाढले आहे आणि ही सामाजिक चिंतेची बाब आहे.

याबाबत IMA चे धोरण Zero tolerance for violence असे आहे. आणि डॉक्टरांवरील हल्ल्यात कठोर शिक्षा होणारा सेन्ट्रल ऍक्ट होणे गरजेचे आहे ही मागणी जोर धरू लागली आहे व तो होई पर्यंत नॅशनल IMA ने आपले आंदोलन आणखी प्रभावी आणि तीव्र करण्याचा निर्धार केला आहे. IMA टप्या टप्याने आपल्या उद्दिष्ट पर्यंत पोहचण्याचा प्रयत्न करत आहे.

आजपर्यंत डॉक्टरांनी रुग्ण व त्याच्या नातलगाना वेळ देऊन संवाद साधावा, उपचार व त्याचा खर्च याबाबतीत पूर्ण कल्पना वेळोवेळी द्यावी असे इतर बरेच प्रतिबंधात्मक उपाय घ्यावेत, cctv कॅमेरे लावावेत वगैरे वगैरे सल्ले दिले गेले पण हल्ले कमी होताना दिसत नाहीत याला पर्याय म्हणजे कठोर कायदा व हॉस्पिटल परिसर सुरक्षित क्षेत्र घोषित करणे हाच आहे.

यासंदर्भात आपल्या तर्फे, दोन महत्वाच्या गोष्टी अजूनही केल्या पाहिजेत त्या म्हणजे एकमेकांच्या उपचारांबद्दल टीका किंवा चुकीचे वक्तव्य टाळणे आणि समाजाचे वेगवेगळ्या आजार व त्यांची उपचारपद्धती व त्याचे परिणाम याबाबत सतत प्रबोधन करणे!

यादरम्यान मुंबईच्या माननीय पोलीस आयुक्तांनी डॉक्टर रुग्णाला 'कमोडिटी' समजतात आणि अनावश्यक तपासण्या केल्यास कारवाई करू असे भडक विधान केले. यावर, हा कारवाईचा अधिकार पोलिसांना आहे का मेडिकल कौन्सिलला? तसेच हा प्रकार हास्यास्पद व बेजबाबदारपणाचा कळस आहे! आता रुग्णाला तपासणीचा कागद आधी पोलिसांना दाखवून मग तपासण्या कराव्यात का अशा अनेक प्रतिक्रिया उमटल्या! हे विधान म्हणजे हल्लेखोरांना चिथावणी देणारे ठरू शकते, असेही मत मांडले गेले.

इतकेच कमी झाले नाही तर माध्यमांनी सुद्धा आता आपल्या विरोधात सवंग लोकप्रियते साठी मोहीम उघडली आहे.

परवा दैनिक लोकमतने पुणे विमानतळावर लुटारुंना आम्ही संपवून टाकू अशी जाहिरात करताना पार्श्वभूमीवर हॉस्पिटल चे चित्र टाकले. जसे काही हेच जनतेचे कैवरी आणि याविरोधात संपूर्ण पुण्यात नव्हे महाराष्ट्रात संतापाची लाट उसळली बऱ्याच सदस्यांनी प्रत्यक्ष मीटिंगमध्ये, सोशल मीडियावर किंवा फोनवर तीव्र प्रतिक्रिया व निषेध व्यक्त केला. अशा प्रक्षोभक व भडक जाहिरातीमुळे समाजविरोधी घटकांकडून डॉक्टरावरील हल्ले वाढण्याची शक्यता व्यक्त केली गेली. तसेच हल्ला करणाऱ्या पेक्ष्या हल्ल्या साठी उद्यक्त करणारा जास्त मोठा दोषी. असे मत व्यक्त केले गेले.

लगेच त्याच दिवशी दैनिक लोकमत चे प्रतिनिधी IMA पुणे च्या शाखेत पदाधिकाऱ्यांना भेटायला आले व त्यांनी ही जाहिरात तर उतरवली आणि आपली चूक मान्य करून दिलगिरी व्यक्त केली.

अजूनही काही ठिकाणी यांचे प्रक्षोभक बॅनर आहेत. त्यांच्या या प्रकारे मोठेपणा व सवंग लोकप्रियता मिळवण्याच्या केविलवाण्या प्रयत्नाला येणाऱ्या भविष्यकाळात तीव्र निषेध करून यांच्यावर बहिष्कार टाकणे हाच पर्याय आहे.

त्यातच आपल्यातील काही अतिउत्साही मंडळी IMA चा पाठिंबा नसताना ग्राहक संरक्षण कायद्यातून वैद्यकीय क्षेत्राला वगळावे म्हणून सर्वोच्च न्यायालयात गेले आणि सर्वोच्च न्यायालयाने त्यांची याचिका फेटाळून लावली. IMA ची कार्यकारिणी या बाबतीत वेगवेगळ्या मार्गाने प्रयत्न करत आहे पण त्यांच्या प्रयत्नांना यामुळे काही प्रमाणात खीळ बसण्याची शक्यता आहे. ग्राहक संरक्षण कायद्याच्या कक्षेत वैद्यकीय क्षेत्र आल्यामुळे प्रत्येक डॉक्टर बचावात्मक प्रॅक्टिस करणार व त्याची परिणीती वैद्यकीय इलाजांचा खर्च वाढणार आणि यामुळे अविश्वासाचे वातावरण निर्माण होऊन समाजाचे खूप नुकसान होणार आहे.

मित्रांनो, वरील सर्व समस्या बरोबर, Aggregator चेही वादळ घोंगावते आहे आणि कॅशलेस mediclaim मार्फत सरकार आपल्या व्यावसायिक दरांवर नियंत्रण करू इच्छित आहे.

सर्व बाजूने घेरून आले आहे. गरज आहे ती सामुदायिक नेतृत्वाची आणि एकजुटीची.

चला तर महिन्यातील एक तास संघटनेच्या कामासाठी देऊ. हा लढा रोज थोडा थोडा अथक पणे लढू आणि आपले व त्याच बरोबर समाजाचे हित साधूयात!

जय IMA!

From the President's Desk

Dr. Meenakshi Deshpande

Mob : 9922464365

Dear friends , members, colleagues AND Corona Warriors,

"Our greatest strength lies not in how much we differ from each other , but how much , how very much we are the same , and we have to realize that if we don't start working together and fast; we will ALL loose , said Eknath Easwaran, a famous author ,

This is the one thing that travel has taught me. No matter what your language, skin color or God, we all wish and want to have fulfilling work and have enough job satisfaction, we all want to raise and love our families in peace. So our unity is most important, otherwise... In the end madmen will destroy our and only our profession. "There is no time left for fussing and fighting my friend."

‘परस्परविरोधेतुवयम्पञ्चशतम्।

परैस्तुविग्रहेप्राप्तेवयम्पञ्चाधिकशतम्॥

While debating with each other, we are five and they are hundred. While debating with others (enemy) we are / should be hundred plus five. Unity is supreme power .

I appeal to all to increase our membership strength for obvious reasons . Now that halls and events are opening up , i urge you all to attend all IMA Pune programmes physically to improve our rapport and communications with each other.

We are glad to announce and invite you to actively participate in **94th IMA Pune Foundation Day**, 29 th May Walkathon at 7 AM & Celebration Orchestra at 6.30 pm and on 5th June 2022 Sunday from 11 am to 8 pm, Art Exhibition, Recipe and Rangoli competition with Funfair & Rangarang Vividhgundarshan Programme at IMA Pune premises. We are doing this Rangarang Programme with all members and their families, friends and colleagues for the whole day.

The flyers of the programmes are already sent. You are invited to ENSURE YOUR PARTICIPATION, CONTACT THE COORDINATORS and /or Secretaries .

EVECON 22, an IMA M.S Women Doctors Wing State Conference, scheduled on 27 and 28 August 22, is awaited by all ladies and gents doctors alike from Maharashtra State and we are expecting it to be an interesting and happening event in Pune City. Let's all gear up and register fast to welcome all esteemed woman doctors and members from all over Maharashtra

IMA MS has come out with CODE VIOLET, in which it is emphasized as to what a member should do in face of anticipated or experienced violence .

Some suggestions are :

- 1) REPORT TO YOUR LOCAL BRANCH RUSH TEAMS CAN BE ACTIVATED
- 2) REPORT TO AUTHORITIES AND IMA REGISTRY
- 3) REPORT A FIR IN NEAREST POLICE STATION
- 4) FURNISH ALL DETAILS WITH PHOTOS, VIDEOS, CASE DETAILS AND PROPER COMPLETED DOCUMENTS TO LOCAL IMA AND MEDICOLEGAL EXPERT

President IMA MS Dr. Pingle Sir has highlighted in his address that a copy of the rules and laws related to charges that cannot be framed on doctor must be given to every police station because most of the time they themselves are not aware of the rulings for

the doctors and behave in the same manner as a common man.

A time has come to stop planning individual single practitioner hospital and join hands with same faculties or multi-speciality so as to overcome every lacunae as it is not possible by individual doctor to provide 24×7 service, and all facilities as per protocol. People nowadays read and demand the same

On this occasion, I would also like to spread awareness about THALLESSEMIA MAJOR, a horrible blood disorder affecting young children, which is genetic and which can be prevented by proper prepregnancy counselling and blood checking .

Lastly a reminder for IMA MS SSS FFC payment where last date for payment without late fees is 31 st May 22.

Jai IMA !!

IMA HBI NABH Accreditation Initiative

IMA Maharashtra State & State Chapter of IMA Hospital Board of India

Launching of 3rd Phase of Technical Consultancy Support Program for NABH Entry Level Certification

IMA Hospital Board of India had launched a Cluster based technical support programme back in 2017. It is the most organized programme with an enrolment over 700+ hospitals. Today after successful 550+ applications, 500+ final assessments from NABH and 460+ certifications, IMA HBI has now re-launch the technical support programme to support member hospitals through NABH entry level certifications with newly launched HOPE portal of the NABH. It will cover Initial Assessment, Documentation, Application through HOPE, Desktop Assessment, Initial NC closure, Final assessment & NC closure till certification. The Phase III program will be Cluster Based Digitally Service Delivery Model.

MEDICOLEGAL UPDATES

Dr. Meenakshi Deshpande

9922464365

Dr. Jayant Navarange

9890206303

21.1.2022— K. Kasi v Dr. A. Senthilkumar 2006- Tamilnadu District forum to NCDRC—A pediatrician gave Inj. Voveran for fever in a lady with a provisional diagnosis of Chikungunya—later had abscess, Septicemia. Later it was revealed the patient was having uncontrolled diabetes. District went against doctor, State forum reversed, and NCDRC confirmed ‘non-negligence’. Allegation was of not testing her lab for chikungunya, wrongly given injection. NCDRC held that complainants failed to prove who and what site the injection was given.

A hospital receives notice from police regarding a motor vehicle accident—patient brought dead—IPC 304A, 117, 177, 188 applied—Take home message Check who is accused. In this case, it was against an “unknown offender” in a ‘hit and run’ accident of a 20-year-old lady and the doctor and hospital were afraid and were asking for anticipatory bail!! Hospital was served notice to provide CCTV footage of all incidence when patient was brought dead. 2nd lesson—don’t just send body to a government hospital or try ‘blue code’—just a=call police, don’t n=move body. In this case, doctor or hospital may get accused under 177 for ‘wrong information’

A dermatologist lady doctor from Bhosari (She became member of IMA PCB because of this case and our connection) prescribed an estrogen containing drug after asking if they have plans to conceive—after getting answer that they are not, she prescribed it. F/U after 1 month advised—Patient didn’t come. After 2 months, she calls that she is advised MTP as baby may get defects due to drug! The couple threatened and abused the doctor and served legal notice. Came trembling to IMA Pune. Dr also started putting blame on patient arrogantly. We guided them well, asked her to all patient directly, try to explain without blaming patient and asking that if the patient troubles further, doctor would take legal action. Etc. got resolved—Now very grateful to our team and IMA Pune.

SC quashes Allahabad HC of awarding 25 lacs against 5 doctors and hospital—PIL was lodged by father of 25 yr old advocate practising in Allahabad HC—doctors were never made a party and decision given. SC remarked that PIL is NOT the remedy and hence quashed. COMPLETE MISTAKE OF ALLAHABAD HC.

Dr Bharati Pawar in Parliament answers on 25-3-2022 that NMC does NOT encourage use of internet aggregators for telemedicine e.g. Practo, as they act on commission (tout)

2018 decision quoted is very important—it has again given relief from principle laid down in Sameera Kohli v Manchanda case—you can go outside and take written consent of relative to extend or modify surgery etc.—we should think about including such clause in consent itself that such proxy consent is ok for me!

Is the consent of spouse necessary for undergoing a procedure of sterilization? [RE-REVISED] Feb 2022..Conclusion : A doctor must take spousal consent in writing before performing sterilization. (At least in private practice).

●●

Safe Practices for Maternal Health

Dr Girija Wagh

Safe motherhood encompasses a series of

Introduction: Safety practices are initiatives, practices, protocols, and service delivery guidelines structures to deliver high-quality gynaecological, family planning, prenatal, delivery and postpartum care.

Importance of safety practices: Safe motherhood decreases maternal and infant mortality and morbidity. Most maternal and infant death can be prevented through safe motherhood practices. Millions of women worldwide are affected by maternal mortality and morbidity from preventable causes

Rights relating to pregnancy and childbirth : Women are specifically entitled to receive the special protection and care they need during pregnancy, childbirth, and the postpartum period. They should not suffer discrimination in employment because of maternity, and they are entitled to paid maternity leave.

Aims and objective: The focus and the objectives of safe practices are as follows

1.To achieve the MMR of less than 70 by the year 2030 as has been mandated by the Sustained Development Goal initiative

2.To prevent the Non-communicable Diseases (NCDs) by high quality prenatal care

3.To ensure optimum nutrition as stated by the First 1000 days optimum nutrition concept

Core tools : Several core tools have been demonstrated to improve the quality and safety of care viz

1.Triggers: e.g., Pregnant woman presenting with bleeding during pregnancy

2.Bundles: e.g., Care bundle approach to threatened preterm delivery

3.Protocols: e.g., Administration of magnesium sulphate for prevention of eclampsia

4.Checklists: e.g., Safe delivery checklist

These are evidence based and can facilitate measurable improvements in quality of care. These tools also aid timely diagnosis and treatment to prevent or limit the severity of morbidity and are customizable for local implementation.

Safety is a culture to be nourished: The potential to facilitate interdisciplinary, patient-centred care and to contribute to a culture of safety is of paramount importance. The implementation of many of these tools in obstetrics is still in its early stages. Therefore, recommendations for implementation are often based on data from other specialties, expert opinion, or clinical consensus, although the body of direct evidence in obstetrics supporting utilization continues to grow.

Safety practices for maternal health:

In an ideal situation the pregnancy should be planned which continues to be a challenge with 50 percent of the times unplanned pregnancies leaving much to desire and frustration that much could have been prevented. This paves a way to the fact that all women with the potential to become pregnant must ensure good health and be imparted with basic knowledge of ensuring optimum health as well as birth control practices in case the pregnancy is not on the immediate wish card.

Prepregnancy counselling and care: Following is the broad checklists which encompasses quality care

Screening for anaemia and hemoglobinopathies:

Dietary guidance

Screening for diseases: Epilepsy / heart disease /Hypertension / diabetes /obesity

Immunization: Measles / mumps / rubella /HPV /HEP B/ COVID vaccine

Supplements and/or nutritional fortification:

DHA, vitamin D, calcium, Folic acid

Oral health

Perineal and bodily hygiene

Physical activity level

Substance abuse to be avoided e.g., 70 million women in India smokeless tobacco

Birth defects, preterm births and miscarriage prevention must be on primary radar:

India is the second most populated country and birth defects have a high annual prevalence

Various targeted evaluations can help curb this

1.Reviewing family and genetic history of the couple with respect to presence of genetic disorders, birth defects, etc.

2.Genetic counselling to educate them on potential options for pre-pregnancy and early pregnancy screening of the offspring

3.Management of chronic medical conditions such as diabetes

4.Counselling about adverse effects of smoking, alcohol consumption and drugs

5.Assessment of immunization status and Up To Date vaccination of women of reproductive age

6.All prescription as well as non-prescription medications should be reviewed with respect to safety

7.Consider strategies if patients taking potentially teratogenic medications

8.Folic acid supplementation prior to and during

9.Early detection of severe or fatal defects after conception.

10.Patient counselling regarding surgery, continuation, or termination of pregnancy

'LaQshya' (Labour Room Quality Improvement Initiative) programme of the Ministry of Health and Family Welfare has been designed to improve quality of care in labour room and maternity Operation Theatre (OT). To reduce preventable maternal and new-born mortality, morbidity and stillbirths associated with the care around delivery in Labour room and Maternity OT and ensure respectful maternity care is the goal of this program and such an accreditation is awarded to the government facilities after rigorous assessment of quality indicators.

e of 6%-7% 3Congenital deafness (5.6-10 per 1000 live births)

Likewise, FOGSI (Federation of Obstetricians and Gynaecological Societies of India), a professional association of 35,000 obgyns, have joined hands with the Government of Maharashtra to improve and benchmark quality of care for private providers who cater to women in low and middle-income areas. Named 'Laqshya-Manyata', this initiative is being supported by MSD for Mothers and MacArthur Foundation as funding partners and Jhpiego, as a technical assistance partner. This program is an extension of the national initiative – Manyata led by FOGSI since 2013. This program recognizes private maternity providers who offer quality maternity care thereby, ensuring consistent, safe and respectful care for mothers during and after childbirth. The standards defined under the initiative are in line with the national government's LaQshya and World Health Organization (WHO) standard guidelines. Safety and Quality in maternal and new-born care health are uppermost and so are planned pregnancy and prevention of NCDs.

2 MMC Credit Points Awaited

Dr. Meenakshi Deshpande **Dr. Alka Kshirsagar / Dr. Geetanjali Sharma**
President IMA Pune Hon. Secretaries IMA, Pune

227th IMA CWC meeting was held at Panchcula, Chandigarh on 16th and 17th April 2022.

Dr Sanjay D Patil

Central Working Committee member, IMA HQ.

Meeting was well attended and there was interactive discussion on various issues.

1. Unfortunate incidence of suicide by Dr Archana Sharma from Rajasthan.

IMA Rajasthan Branch along with IMA HQ, took this issue seriously. Rushed to the spot to get first hand information. Organized protests. Met with Chief Minister and all senior police officers to express their concerns as well as protest. Also requested authority to take strict actions against concerned police officers who did not act as per directives of Hon. Supreme court's directives. And demanded immediate arrest of Mr. Balya Joshi, who instigated the mob.

National President IMA HQs Dr Sahajanand Prasad Singh and HSG Dr Jayesh Lele, informed that all IMA branches across the country carried out strong protest against this unfortunate incidence and a comprehensive note with all print media clippings, electronic media, activities organized, protests is being compiled and will be shared with all concerned authorities, to continue to bring pressure on them to initiate stringent administrative measures.

IMA is filing a contempt case against concerned police officers for violating verdicts of Hon. Supreme Court Orders on applying CRPC 302.

At state and at national level, IMA leaders are negotiating with and following up with appropriate authorities, to issue Standard Operative Protocols (SOPs) by police department, in line with SOPs issued by Inspector General of Police of Government of Karnataka.

Dr Suhas Pingle, President IMA MS, Dr Ashok Adhav Past National IMA President gave their valuable inputs.

Other issues discussed were,

2. Consumer Protection Act 2019.

Dr Jayakrishnan, Dr Jayant Navarange and others spoke on this issue.

3. NMC and Medical Education

Dr Ved Prakash Mishra, Dr Shivkumar Utture, President, MMC and others informed about Recent amendments to Rules 27 and 31 by National Medical Commission Act on : License to practice in India and on registration of additional qualification.

4. BMW management issues

Dr Ajay Mahajan, Dr Sanjay Patil and others spoke on this issue. Dr Mahajan explained things done so far and further plan of action in this regard.

5. Nursing home registration issues

Dr Mangesh Pate Hon Secretary IMA MS presented various problems faced by our hospitals and solutions to be suggested to the authorities.

From IMA Pune, Dr Jayant Navarange, Dr Dilip Sarda, Dr Avinash Bhondwe, Dr Aarti Nimkar, Dr Prakash Marathe and myself attended this meeting.

IMA Pune Online Certificate Course on Evidence Based Diabetes Management

The course started on 9th April 2022. For the online inaugural ceremony

IMA Pune President Dr. Meenakshi Deshpande, Trust Board Chairman Dr. Bhutkar, Executive Trustee Dr. Sanjay Patil, Convener Dr. Arati Shahade, Past president and Legal expert Dr. Jayant Navarange and all Office bearers of IMA Pune were present. Virtual lamp lighting was done. All dignitaries expressed their thoughts about Diabetes course and emphasised importance of Evidence based management of Diabetes as India is heading towards becoming the world capital of Diabetes.

More than 175 delegates have enrolled for the course

4 modules are done in April 2022 on every Saturday 2 PM to 5 PM

Various faculty from India and abroad have given lectures on Definition, Epidemiology, Lab diagnosis, Primary and Secondary prevention, Diet and nutrition, Exercise, Various classes of antidiabetic medicines, Sexual dysfunction in DM, Neuropathies, and Vascular complications. Every session has an MCQ test at the end of the session and also the question answer discussion. The link of recorded session and the study material is provided online to all enrolled delegates.

This course will continue till 19th June and many more important topics will be covered in upcoming sessions. It is a 12 module course with 12 MMC points along with a certificate.

Ruby Hall Clinic launches PUNE'S FIRST HYBRID CATHETERISATION LAB

A technologically advanced hybrid facility for
Angiography, Angioplasty, CABG & all Vascular Interventions

4 Lakh+ Angiographies

1 lakh+ Angioplasties

75000+ Open Heart Surgeries

25+ Heart Transplants

BENEFITS

- High-end, high tech facility for complex cardiac, vascular and neuro interventions
- Open heart surgery can be performed in the cath lab itself
- Very low radiation compared to older generation cath labs
- Complete digital end-to-end platform
- Increased patient safety in complex cases
